

THIS DOCUMENT IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. IF IN DOUBT, PLEASE SEEK PROFESSIONAL ADVICE

Luxembourg, 5 January 2018

Dear Shareholder:

Notice to the shareholders of Aberdeen Global II – US Dollar Bond Fund

Notice is hereby given to you as a Shareholder of Aberdeen Global II – US Dollar Bond Fund (the “**Merging Fund**”) to inform you of the decision of the Board of Directors to merge the Merging Fund into Aberdeen Global – US Dollar Credit Bond Fund (the “**Receiving Fund**”), a sub-fund of a separate Luxembourg-domiciled investment company with variable capital qualifying as a UCITS, on Friday 23 February 2018 at 23:59 (Luxembourg time) (the “**Effective Date**”). Details of the Merger, together with details regarding the action you should take and the implications for you as a Shareholder, are set out in this document.

The Board of Directors has resolved to merge the Merging Fund with the Receiving Fund in accordance with the provisions of article 1 (20) a) and with Chapter 8 of the law of 17 December 2010 regarding undertakings for collective investment, as amended (the “**2010 Law**”).

In this document, unless the context requires otherwise, the terms shall have the meaning set out in the Glossary at Appendix 1. The timetable of key dates in the process to implement the Merger is set out in Appendix 3.

Rationale for the Merger

The Merger is part of a rationalisation of the Standard Life Aberdeen fund range aimed at generating efficiencies in the management and marketing of products.

The Receiving Fund is a sub-fund of Aberdeen Global, which is significantly larger than the Merging Fund’s umbrella fund. In addition, whereas the Merging Fund is a sub-fund of an umbrella fund which does not benefit from a wide range of registrations for public marketing globally, Aberdeen Global sub-funds can be more readily set up to be actively distributed to potential new investors in a number of additional countries. This means the Receiving Fund will have greater potential to grow, helping to diversify the underlying investor base and providing future opportunities for further cost reductions.

We believe that the implementation of the Merger will ultimately be to the benefit of Shareholders over time as a result of rationalisation efficiencies.

Comparison of the Merging Fund and the Receiving Fund

It is not expected that there will be any material difference in the rights of Shareholders before and after the Merger takes effect. Both Funds’ portfolios are managed by the same investment management team at Standard Life Aberdeen and therefore Shareholders can be confident of continuity of management and investment processes.

The investment objectives and policies of the Merging Fund and the Receiving Fund are similar in that both aim to provide a long term return through investment in US Dollar denominated investment grade debt and debt-related securities.

Specifically, the Merging Fund aims to achieve an attractive level of total return with the majority of its portfolio invested in US Dollar denominated Investment Grade Debt and Debt-Related Securities, with at least some portion of the portfolio invested in government securities at all times. The Receiving Fund aims to

Aberdeen Global II

35a, avenue John F. Kennedy, L - 1855 Luxembourg
Tel: 00 352 2643 3000 Fax: 00 352 2643 3097 aberdeen-asset.com

achieve long term total return by investing at least two-thirds of its assets in US Dollar denominated Investment Grade Debt and Debt-Related Securities issued by corporations (including government-owned corporations).

The Merging Fund's investment portfolio will be rebalanced prior to the Merger. It is currently intended that approximately two thirds of the Merging Fund's portfolio will be sold down to cash during the two weeks prior to the Effective Date. During this time the Fund will not be compliant with its investment objective and policy at all times.

The annual management charge ("**AMC**") will be lower for all Shareholders. The AMC is 0.90% for Class A Shares of the Merging Fund, whereas the AMC will be 0.80% for Class A Shares of the Receiving Fund. The AMC is 0.50% for Class J and Class X Shares of the Merging Fund, whereas the AMC will be 0.40% for the relevant Class I and Class X Shares of the Receiving Fund. Ongoing charges figures are also projected to be lower for all Shareholders.

It should be noted that whilst the Receiving Fund makes payments and allocations of available income on a semi-annual basis like the Merging Fund, the dates of such payments and allocations are different.

A comparison of the principal features of the Merging Fund and the Receiving Fund is set out in Appendix 2.

Risk Profiles

Due to the similarity of investment objectives and policies, the risk profiles of the Merging Fund and the Receiving Fund are similar. The Risk Management Process ("**RMP**") will be the same.

The Synthetic Risk Reward Indicator ("**SRRI**") demonstrates where an investment fund ranks in terms of its potential risk and reward. The higher the figure, the greater the potential reward, but also the greater the risk of losing money.

All Classes of both the Merging Fund and the Receiving Fund in scope of the Merger currently have an SRRI of 3. The SRRIs may change over time and they may not be a reliable indication of the future risk profile of an investment fund.

Terms of the Merger

On the Effective Date, Shareholders who have not redeemed their Shares in the Merging Fund (see *What to do next* below) will become shareholders of the Receiving Fund and will receive corresponding New Shares in the Receiving Fund of the same type as the Shares they currently hold (as set out below) in exchange for the transfer of the assets and liabilities of the Merging Fund to the Receiving Fund. Shares in the Merging Fund will be deemed to have been cancelled and will cease to be of any value.

Aberdeen Global II

35a, avenue John F. Kennedy, L - 1855 Luxembourg
Tel: 00 352 2643 3000 Fax: 00 352 2643 3097 aberdeen-asset.com

The Classes of New Shares to be issued to Shareholders pursuant to the Merger are as follows:

Merging Fund		Receiving Fund	
Class of Shares	ISIN code	Class of New Shares	ISIN code
Class A-1 (income)	LU0513831254	Class A SInc USD* (income)	LU1646952637
Class A-2 (accumulation)	LU0513831411	Class A Acc USD (accumulation)	LU1646952801
Class J-2 (accumulation)	LU0513831684	Class I Acc USD (accumulation)	LU1646953361
Class X-2 (accumulation)	LU0837997815	Class X Acc USD (accumulation)	LU1646953957
Class Z-2 (accumulation)	LU0513834191	Class Z Acc USD (accumulation)	LU1646954096

**New Class to be launched on the Effective Date.*

New Shares will be issued to each Shareholder invested in the Merging Fund according to the following formula: $N = (S \times P) / R$

Where:

N = Number of New Shares to be issued to such Shareholder
S = Number of Shares of the corresponding class owned by such Shareholder immediately prior to the Effective Date
P = Price per Share of the corresponding class owned by such Shareholder for purposes of the Merger
R = Price per New Share of the relevant Class of the Receiving Fund

The price of each New Share to be issued in existing Classes of the Receiving Fund shall be the price based on the Receiving Fund Value. The price of each New Share to be issued in the new Class A SInc USD shall be equal to the closing price of a Share of the Merging Fund on the basis of the Merging Fund Value. New Shares issued in Class I and Class Z will be Group 2 Shares for the purposes of income equalisation.

Since both the Merging Fund share classes and the Receiving Fund share classes are denominated in the same currency, there will be no foreign exchange impact on the calculation of the number of New Shares.

The number of New Shares to be issued to each Shareholder will (if necessary) be rounded up to the nearest fraction (three decimal places) at the expense of the Management Company.

Part of the consideration for the issue of New Shares in Class I and Class Z may be treated as income equalisation. Details of the applicable equalisation will be provided on the next distribution date. Group 2 Shares will automatically be converted to Group 1 Shares at the start of the next distribution period.

Distributions

Where there is income available for distribution in respect of Shares in the Merging Fund for the period ending on Thursday 22 February 2018, this will be transferred to the distribution account of the Merging Fund. The distribution payment date of any such accrued income will be Friday 20 April 2018.

Aberdeen Global II

35a, avenue John F. Kennedy, L - 1855 Luxembourg
Tel: 00 352 2643 3000 Fax: 00 352 2643 3097 aberdeen-asset.com

Costs

Standard Life Aberdeen will pay the costs of rebalancing the portfolio of the Merging Fund, which are expected to be approximately 0.05% of the net asset value of the Merging Fund portfolio, as well as the trading costs of investing the cash component transferred to the Receiving Fund.

All other costs of implementing the Merger, including legal, advisory and administrative expenses, will also be paid by Standard Life Aberdeen.

Tax implications

Please be aware that the Merger may create a chargeable tax event in your country of tax residence. Your tax position may also change as a result of the Merger under the tax laws in the country of your nationality, residence, domicile or incorporation and we strongly suggest seeking advice from your financial advisor to ensure that the Receiving Fund, in which you will become a shareholder, is in line with your requirements and situation.

UK Investors

HM Revenue & Customs ("HMRC") has confirmed by letter to Standard Life Aberdeen that section 137 of the Taxation of Chargeable Gains Act 1992 should not apply to the Merger and consequently section 136 of that Act should not be prevented from applying whatever the size of holding. Accordingly, the Merger should not involve a disposal of Shares in the Merging Fund for the purposes of tax on capital gains. New Shares in the Receiving Fund will have the same acquisition cost and acquisition date for capital gains tax purposes for each UK Shareholder as their existing Shares.

HMRC has also given clearance under section 701 of the Income Tax Act 2007 and section 748 of the Corporation Tax Act 2010 to the effect that the HMRC should not serve a counteraction notice in respect of the Merger to counteract any corporation tax or income tax advantages arising pursuant to the Merger.

What to do next

IF THE MERGER MEETS YOUR REQUIREMENTS, YOU DO NOT NEED TO TAKE ANY ACTION.

If you do not redeem your Shares as described below, you will automatically become a shareholder of the Receiving Fund on Friday 23 February 2018 at 23:59 (Luxembourg time) and will be sent a confirmation by Standard Life Aberdeen shortly afterwards detailing your holding of New Shares. Dealing in New Shares will begin at 09:00 (Luxembourg time) on Monday 26 February 2018, being the next business day following the Effective Date.

If the Merger does not meet your requirements, you have the right to redeem your Shares in the Merging Fund free of charge or to switch into another sub-fund of Aberdeen Global II until 13:00 (Luxembourg time) on Thursday 22 February 2018. **In such case, you should note that a redemption or switch will be treated as a disposal of Shares for tax purposes and you may be liable to tax on any gains arising from the redemption or switch of Shares.**

Please note that due to the rationalisation of the Standard Life Aberdeen fund range described above, if you switch your investment into another sub-fund in Aberdeen Global II such sub-fund may itself be subject to changes. Please see www.aberdeen-asset.com for details of affected sub-funds.

Additional Information

A copy of a representative Key Investor Information Document ("**KIID**") for each Receiving Fund is enclosed herewith. The prospectus and the KIIDs of all the share classes within the Receiving Funds can also be found at <http://www.aberdeen-asset.com>. You may also obtain copies of the prospectus and the instrument of incorporation of Aberdeen Global, a copy of the relevant KIIDs of the Receiving Fund, a copy of the auditor's report, a copy of the common terms of merger, and a copy of the respective confirmation statements made by the depositary in respect of the Merger, in each case free of charge, upon written request to Aberdeen Global Services S.A., 35a avenue John F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg. The prospectus and the KIIDs can also be found at www.aberdeen-asset.com.

	<p>unless, in the opinion of the Investment Adviser, this is in the best interests of Shareholders.</p> <p>The Fund may invest up to 20% of its Net Asset Value in asset-backed and/or mortgage-backed and related securities.</p>	<p>(without buying or selling underlying Transferable Securities or currencies). Furthermore, the Fund's portfolio may be fully or partially hedged back to the Base Currency if, in the opinion of the Investment Adviser, this is believed to be appropriate.</p>
Specific Risk Factors	<ul style="list-style-type: none"> • The Fund will have significant exposure to one currency, increasing its potential volatility. • The Fund invests in a specific regional market which can increase potential volatility. • The risk profile of this Fund may be higher relative to other bond funds due to its investments in asset-backed and mortgage-backed securities. • The Fund may utilise financial derivative instruments for investment purposes in pursuing its investment objective (in addition to use for hedging purposes). Use of derivatives other than for hedging may result in leverage and may increase volatility in the Net Asset Value of the Fund. • The Fund's underlying investments are subject to interest rate risk and credit risk. Interest rate fluctuations affect the capital value of investments. Where long-term interest rates rise, the capital value of bonds is likely to fall and vice versa. Credit risk reflects the ability of a bond issuer to meet its obligations. Where a bond market has a low number of buyers and/or a high number of sellers, it may be harder to sell particular bonds at an anticipated price and/or in a timely manner. • The risk profile of this Fund may be higher relative to other bond funds due to its investments in credit default swaps (CDS). • The Fund may be invested in contingent convertible bonds. If the financial strength of a bond's issuer falls by a predetermined threshold, the bond may suffer substantial or total losses of capital. 	<ul style="list-style-type: none"> • The Fund will have significant exposure to one currency, increasing its potential volatility. • The Fund may utilise financial derivative instruments for investment purposes in pursuing its investment objective (in addition to use for hedging purposes).
