Dear Shareholder,

As part of the ongoing process whereby Fidelity regularly reviews its range of funds, I am writing to notify you of the decision taken by the board of directors of Fidelity Funds (the "Board") to

- 1) change the name of Fidelity Funds – Global Telecommunications Fund (the "**Fund**") to **Fidelity Funds - Global Infrastructure Fund** with effect from 1 October 2018 or such later date as may be decided by the Board (the "**Effective Date**"); and

Our records show that you are a shareholder in the Fund (the "Shareholders" or "you"). For more information on the impacted classes of Shares and the corresponding ISIN Codes, please refer to the Appendix of this letter.

Any terms not defined herein shall have the same meaning as in the prospectus of Fidelity Funds.

Change of name and investment objective

On the Effective Date, the name and the investment objective of the Fund will be changed as follows (the “Changes”):

From:

Fund Name	Investment Objective	Notes
Fidelity Funds – Global Telecommunications Fund	Aims to provide investors with long-term capital growth, principally through investment in the equity securities of companies throughout the world which are involved in the development, manufacture or sale of telecommunications services or equipment.	Reference Ccy: Euro

Fund Name	Investment Objective	Notes
Fidelity Funds – Global Infrastructure Fund	Aims to provide investors with income and long-term capital growth, principally through investment in the equity securities of companies throughout the world selected from a universe of infrastructure sectors including, but not limited to, telecommunications, utilities, energy, transportation and social (including educational services and healthcare facilities).	Reference Ccy: Euro

Rationale for and Impact of the Changes

We propose to broaden the Fund’s investment remit from a pure sector strategy focused on telecommunications companies to a more diversified equity fund constructed from a universe of infrastructure sectors including, but not limited to, telecommunications, utilities, energy, transportation and social (including educational services and healthcare facilities). The Fund’s current risk profile is not expected to change. For further information, you are recommended to read Part I, 1. Fund Information, 1.2. Risk Factors in the Prospectus.

There are two key reasons for broadening the Fund’s investment remit beyond telecommunications to include other industries of the infrastructure sectors. Firstly, the nature of these industries allows companies to increase their prices in line with inflation, thereby enabling the Fund to consistently receive dividends from holding equity securities of these companies. Secondly, these industries are traditionally less dependent on the economic cycle. As a result, they may provide a diversification benefit to an investor’s portfolio.

To reflect this broader asset allocation set, it is proposed to rename the Fund as **Fidelity Funds – Global Infrastructure Fund**.

The changes outlined above may result in a change to the synthetic risk and reward indicator (the “SRRI”) of the Fund. Please refer to the Key Investor Information Document for further information on the SRRI, which is available via the Fidelity website.

There are no other impacts that may materially prejudice the existing Shareholders’ rights or interests as a result of the proposed Changes outlined above.

The Board believes that the Changes are in the best interest of the Shareholders.

Costs

There will be no change to the level of fees that you currently pay. The expenses triggered by these Changes including any legal, regulatory and mailing charges will be borne by FIL Fund Management Limited, the Investment Manager of Fidelity Funds.

Any market-related transaction costs arising from these Changes will be borne by the Fund.

2. You may redeem your existing shares in the Fund, free of charge, or,
