Merger timeline and impact

This section outlines key information relating to the merger. Further information is contained in the detailed sub-fund comparison that follows as well as in the relevant prospectus and KIIDs. For your convenience, a KIID for the receiving sub-fund is enclosed.

Key Dates

When the merger transaction occurs, all assets, liabilities and any income in your sub-fund will be transferred to the receiving sub-fund, and your sub-fund will cease to exist.

All shares remaining in your sub-fund at the merger date will be exchanged free of charge for shares in the equivalent share class of the receiving sub-fund, based on the net asset value per share in effect that day for both sub-funds. The calculation of the exchange ratio will be validated and documented in the merger report prepared by the company auditors that will be available to you upon request.

The value of the shares you own in your sub-fund and the new shares you receive in the receiving sub-fund will be the same but you may receive a different number of shares.

Impact

Key differences in investment policy between your sub-fund and the receiving sub-fund	<ul style="list-style-type: none"> While your sub-fund invests primarily in financial services companies, the receiving sub-fund may invest in equities globally across all sectors, including financial services.
Potential benefits	<ul style="list-style-type: none"> The merger will give you the benefit of investing in a larger sub-fund that has the prospect of stronger growth in assets in the future and may potentially benefit from economies of scale which may result in lower operating and administrative expenses. The receiving sub-fund has a broader investment universe and, therefore offers the benefits of increased diversification.
Potential drawbacks	<ul style="list-style-type: none"> One-time expenses associated with transaction costs will be borne by your sub-fund. On the merger date, and during the two business days before that, you will not be able to subscribe for, switch or redeem shares in your sub-fund.
Other considerations	<ul style="list-style-type: none"> Your sub-fund will not bear any additional legal, advisory or administrative costs associated with the merger. The portfolio of your sub-fund does not resemble that of the receiving sub-fund, therefore rebalancing of the assets will be required in preparation for the merger. Performance information for your sub-fund and the receiving sub-fund can be found in the relevant KIID or factsheet which is available from the document library at jpmorganassetmanagement.lu.
